

***Corbett's Glen Nature Park  
Threatened by Linden Hills development!***

**The Community has spoken:  
"This Harms Corbett's Glen!"**  
We need to protect the public interest and investment in Corbett's Glen!

**THE PLAN INVOLVES:**

- *Construction ~ 185 ft. from the postcard waterfalls!!*
- *72,000 sq. ft. of new construction (3 new buildings)*
- *Over 750 parking spots*
- *2+ acre, two-story parking structure*
- *Expansive night lighting ~ excessive light pollution*
- *Building on steep slopes*
- *Protective berms removed, neighborhoods at risk*
- *Possible Government Subsidies*
- *Within sight of Corbett's Glen trails*
- *Out-of-town (NYC) Developer*
- *Noise & Auto-exhaust into Park*
- *Loss of habitat*
- *Negative Impact to Allens Creek Fishery*

**Upcoming Meetings to Attend:**

- **Wednesday, October 24<sup>th</sup>, pm Brighton Town Hall**  
 (Developer presents plan to Planning Board;  
 no public comment, but we can speak with our presence!)

**NOTE: This meeting starts at 7:30pm but the Linden Hills project is not scheduled until towards the end of the agenda. It is difficult to predict the time that the developer will be making his presentation to the board. If you come at 7:30, be prepared to wait – or come a little later.**

If you can't attend, please send an email expressing your feelings about this project to:
